

# TimeWorks: Mobile App

## TimeWorks Mobile for iPhone and Android:

*Mobile App Notes: Prior to use, please consult with your manager as access must be enabled for you behind the scenes prior to use. In addition, in order to use the clock in/out features you must "Allow" the GPS tracking location on your device. This is required in order to validate your location in relation to the work site.*

To get started; download the TimeWorks Mobile app from your device's app store. Once installed, open the app and sign in using your username and password.
